## OUR GOALS:

We value people of all ages. We especially welcome children and their families. Our three main goals are:

- ★ We love families and believe they are the bedrock of a flourishing society. We want to encourage parents and their children, with their extended families.
- ★ We believe in community. People can so easily be isolated today and our activities seek to create wholesome community interaction.

## SUNDAY MORNINGS

Join us for our Sunday morning meetings. We believe that children are a very important part of the church and family. Our Sunday meetings are held at Community Wise.

We meet for coffee from 10am and we aim to start 10:30am. You will find we sit round coffee tables not in rows! In our main meeting we have a family focused talk before the children go out for their own groups.

Every other first Sunday we have a service where the whole church family learn together and generally have fun doing it!

Our Sunday Groups are:

- ★ **Pebbles - Toddlers / Primary**
- ★ **Extreme - Juniors**
- ★ **Teens**

- ★ We have good news to share. We have discovered knowing, trusting and following Jesus transforms our lives, giving answers to the deeper issues of life and death. We believe children and young people can know this too. In age appropriate ways and with parental support we share this good news. Often using bible stories, we want to support parents in their nurture of their children and to encourage young people in their exploration of faith.
